

Violet's in full bloom

Meet Violet, your sponsored puppy.

Violet is a cross between a golden retriever and labrador, with a black coat and the cutest curly ears.

Thanks to your support, Violet will start learning about the world in a loving home, building her confidence, and growing into a dog that makes life-changing connections with the people we work with.

As Violet settles into her new home, our puppy socialiser, Roderick, will make sure she receives as much love, attention and new experiences as possible to get her ready for the world.

Over the next two years, we'll get to know Violet's personality and what makes her thrive. Her health and happiness are our top priority, and will help us to better understand what role is right for her.

Whether that's offering emotional and practical support as an assistance dog, or bringing people together in schools, care homes or community settings. There are so many ways Violet could have a meaningful impact and we can't wait to see what the future holds.

Thank you for supporting Violet. With your help, she could go on to form life-changing connections that help people live fuller, more independent lives. And that's a wonderful thing to be a part of.
